PROFESSIONAL SUMMARY

Innovative and detail-oriented individual with experience in database systems, AI-driven analytics, and full-stack web development. Skilled in building secure, data-driven applications using MERN stack, PHP, and MySQL. Experienced in data entry and information management, ensuring accuracy and efficiency. Passionate about using technology and analytics to improve productivity, streamline operations, and deliver effective digital solutions.

WORK EXPERIENCE

Freelance / Part-Time

Mar 2025 - Present

Data Entry Specialist - DAGAZ HR CONSULTANCY AND RECRUITMENT COMPANY

Accurately entered, verified, and organized large sets of data for various projects, ensuring consistency and data integrity. Assisted in compiling reports and maintaining records using Excel and database tools. Demonstrated strong attention to detail, efficiency, and confidentiality in handling sensitive information.

PROJECT

FixIt (Capstone)

Developed a full-stack web application that connects clients with skilled workers across various service categories such as plumbing, electrical work, carpentry, cleaning, and construction.
